About The project

©2024

Blending innovation and creativity in the vibrant heart of Egypt.

Welcome to Gamal Younes Studio Designs, where luxury meets precision. For over a decade, we have been at the forefront of architectural brilliance, transforming spaces into works of art. From the initial blueprint to the final brushstroke, we bring your vision to life with unparalleled attention to detail and craftsmanship. Our expertise spans construction, finishing, interior design, and furnishing, offering clients a seamless, turnkey solution. With us, all you need is your suitcase—we'll handle the rest.

Our Market and Clients

We cater to clients who seek nothing but the best. Our services are designed for those who appreciate luxury and demand excellence, from homeowners to high-end commercial enterprises.

Our Values

Unlimited Creativity

We believe that every idea can be brought to life. Our team works closely with you to turn your vision into reality, without compromise.

Uncompromising Quality: Every project undergoes a rigorous three-tier quality check-by the site engineer, the consulting engineer, and finally by our Managing Director, Engineer Gamal Younis.

Transparency and Trust: We pride ourselves on honest communication, delivering what we promise with high commitment standard. Timely delivery is guaranteed.

Achievements

Since its establishment in 2016, Gamal Younes Studios has successfully delivered over 100 projects throughout Egypt, ranging from private villas and commercial complexes to restaurants and high-end residential compounds. Driven by a dedication to engineering excellence, the firm has evolved into a comprehensive service provider, encompassing planning, design, and construction. Located in El-Mokattam, the studio is distinguished by its innovative, client-centered approach.

Meet Our Team

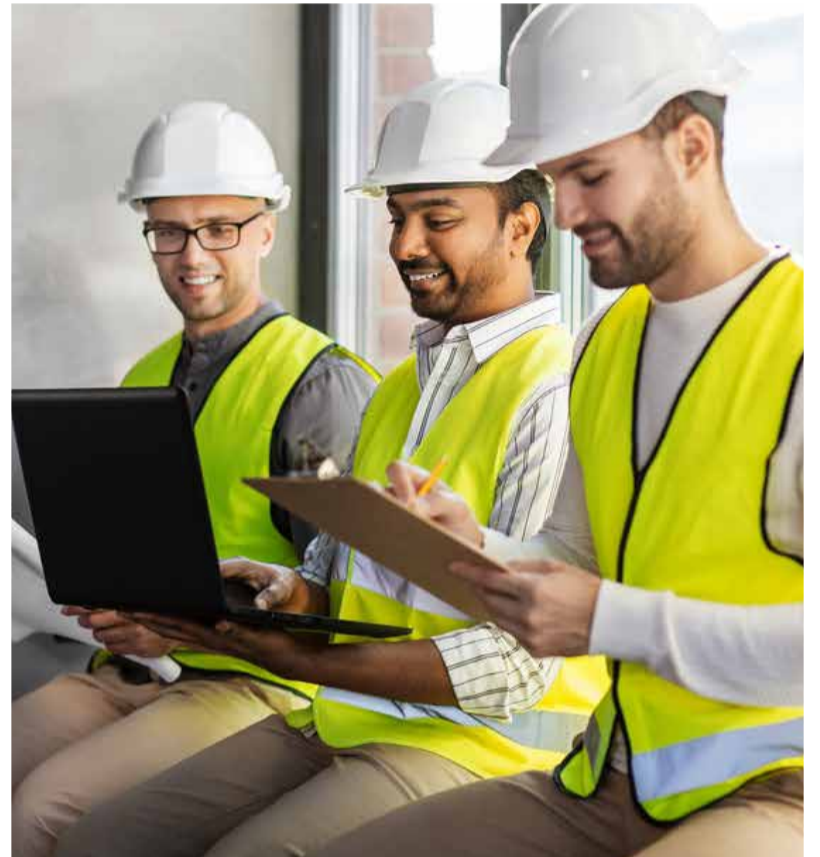

Our company is led by Engineer Gamal Younes, whose vision and expertise drive our success. Supported by a team of skilled designers, engineers, and craftsmen, we bring together the best talent to ensure your project is executed perfectly.
